Background: Why is this program being offered?

With few opportunities for individual artists to apply for funding, and even fewer for their achievements to be recognized, the California Arts Council has created this program as a way to celebrate the state's artists and culture bearers.

Purpose: What is the intended impact of this program?

The Individual Artists Fellowship (IAF) program will recognize, uplift, and celebrate the excellence of California artists and culture bearers practicing any art form with unrestricted grants ranging from \$5,000 to \$50,000.

Region I

California Arts Council has contracted with Arts Orange County (ArtsOC) as the lead Administering Organization in Region I, comprised of the counties of Imperial, Orange, Riverside, San Bernardino, and San Diego. ArtsOC has joined with the City of San Diego Commission for Arts and Culture, Riverside Arts Council, Arts Connection – the Arts Council of San Bernardino County and North County Coalition for the Arts (Imperial County) in creating a collaborative of the five State-Local Partner arts councils that serve those counties.

The Program

This program will support artists and culture bearers at key moments in their careers, elevating their capacity for continued contribution to the field and our state. Fellowship grants support individual artistic practice through unrestricted funding. This program is intended to support a broad spectrum of artists working in all disciplines, from diverse geographies and communities of all sizes across Imperial, Orange, Riverside, San Bernardino, and San Diego counties.

Excellence, for purposes of this grant, is defined as an artist's:

- Unique artistic vision
- Ongoing commitment to creative practice
- Engagement with and impact on the larger cultural ecosystem

The grant program identifies three career tiers at which artists may benefit from this support:

Emerging Artist Fellows - \$5,000

Emerging artists are those in the beginning stages of making their work public and engaging the larger community in their practice. Individuals at this career stage may have had a few public showings of their work, but do not yet have ongoing resources or support.

Established Artist Fellows - \$10,000

Artists in the Established tier regularly make their work public and engage the larger community in their practice. Individuals in this tier can give multiple examples of artistic and/or cultural works that have made significant social impact.

Legacy Artist Fellows - \$50,000

Artists in the Legacy tier can point to a significant body of work, produced over a substantial period of time, that has engaged their communities and that has made significant social impact. Artists in this tier may be able to point to Emerging and Established Artists that they have mentored or otherwise positively influenced.

- Individuals may submit an application in one career tier only.
- The judging panel may shift an applicant to an alternate tier during the review process if it is believed that reclassification would make them more competitive. However, an applicant may ask to be considered **ONLY** for the tier they are applying for.
- Fellowship grants support individual artistic practice through unrestricted funding.
- Awards will be funded at the full dollar amount for each tier; partial awards will not be made. This grant is not intended to support artist groups or collectives.

As an additional means of recognizing and elevating Artist Fellows, convenings (in-person or virtual) will be held so they may engage with one another and be celebrated publicly for their distinction as California Artist Fellows.

Application Review Criteria

Applications from individual artists and culture bearers will be adjudicated by peer review panels convened by Arts Orange County and its Region I Collaborative, and based on the following review criteria:

- Creative Vision: Artist effectively communicates their personal story, artistic medium or practice, and long-term aspirations for their work.
- Aesthetic Excellence: Artistic work and/or examples of cultural practice demonstrate strong alignment with the components of the Attributes of Excellence in Arts for Change (<https://www.americansforthearts.org/sites/default/files/Aesthetic%20Perspectives%20Full%20Framework.pdf>), including commitment, communal meaning, disruption, cultural integrity, risk taking, sensory experience, emotional experience, openness, coherence, resourcefulness, and stickiness.
- Community Engagement and Social Impact: Artist effectively communicates their engagement with their community(ies) and the positive social impact their work has had locally, regionally, and/or statewide, addressing themes including but not limited to race, diversity, equity, inclusion, and accessibility.
