NEWPORT BEACH CIVIC CENTER INVITATIONAL SCULPTURE EXHIBITION
Phase X**

1000 Avocado Avenue, Newport Beach, CA 92660

DATE ISSUED: August 1, 2025

DEADLINE TO APPLY: September 29, 2025 – NO APPLICATION FEE REQUIRED

The City of Newport Beach (City) announces a call for entries for Phase X of its ongoing Sculpture Exhibition to further activate the splendor of its Civic Center Park. **Up to ten artworks may be selected and showcased for three years** in the 14-acre, ocean-view site designed by renowned landscape architect Peter Walker as an intended sculpture garden.

The Civic Center is the heart of Newport Beach - home to City Hall, administrative offices, and the spectacular Central Library building. And the Park welcomes residents and visitors year-round for free concerts on the lawn, art shows, docent-led sculpture tours, visits to the dog park, or leisurely trail walks among the environmentally-friendly native plant life.

The Sculpture Exhibition transforms Civic Center Park into a “museum without walls,” constantly evolving as new, bold contemporary works from world-class artists rotate through, delighting and enriching park visitors. Artists, private collectors, galleries, and museums/non-profit institutions are invited to submit artworks for consideration to be installed from June 2026 to June 2029.

The City will determine specific installation sites for artworks within the Park grounds. Site locations are subject to change and the City reserves the right to relocate exhibition sculptures within Civic Center Park without notice and at its sole discretion.

- **Artistic Merit:** Artists shall have substantial professional qualifications, to be reflected in high-quality submissions which demonstrate originality and artistic excellence.
 - Artwork must be the original work of the identified artist or artists. Artworks, when installed, will be readily visible from the interpretive trails. Artworks should be suitable for viewing from all angles.
 - Artworks shall be appropriate for audiences of all ages.
- **Durability:** The City will consider only artwork made of high-quality materials which can withstand the natural elements of coastal Southern California for a minimum of three years. Consideration will be given to structural and surface integrity, protection against theft and vandalism, and minimal maintenance requirements.
- **Meets Minimum Requirements:** **At the time of submission**, artworks must be located in the United States, finished and installation-ready, and available for the duration of the exhibition period, available for delivery during the pre-determined installation period of **June 1-26, 2026**.
 - In most cases, the artworks will be installed on a concrete pad raised approximately 4" above ground or affixed to concrete footings flush with the ground. Depending upon the nature of their design, some works may be installed in such a manner that they come into direct contact with the ground.
 - **If there are any special requirements for installing the artwork (e.g. requires a raised plinth, cannot touch the ground, etc.), these must be explained on the submission form.** Similarly, if any images of the artwork in the submission display bases, plinths, or other structural

elements associated with display or installation, the submission must explain whether these will be provided with the artwork, and their dimensions and weight also provided.

- **Site Responsiveness:** Artwork should be appropriate in scale, material, and content for the immediate, general, social, and physical environments to which they relate. Artworks will be installed in unsupervised areas and **must not exhibit unsafe conditions or factors that may bear on public liability**, as members of the public may come into contact with the works.

Artworks which incorporate sustainable strategies, demonstrate green processes or utilize green design, materials theories, and techniques are welcome, but not required.

SELECTION PROCESS:

A Selection Committee consisting of seven (7) Newport Beach Arts Commissioners and two (2) local arts professionals will be responsible for determining which submissions meet standards of initial eligibility. They will do this at a public meeting of the City Arts Commission.

Works determined to be eligible will be presented to City of Newport Beach residents through a public, online survey. Results of the survey are non-binding but will factor into the Committee's decision-making at a follow-up public meeting. **Ten (10) finalists and three to five (3-5) alternates will be selected.**

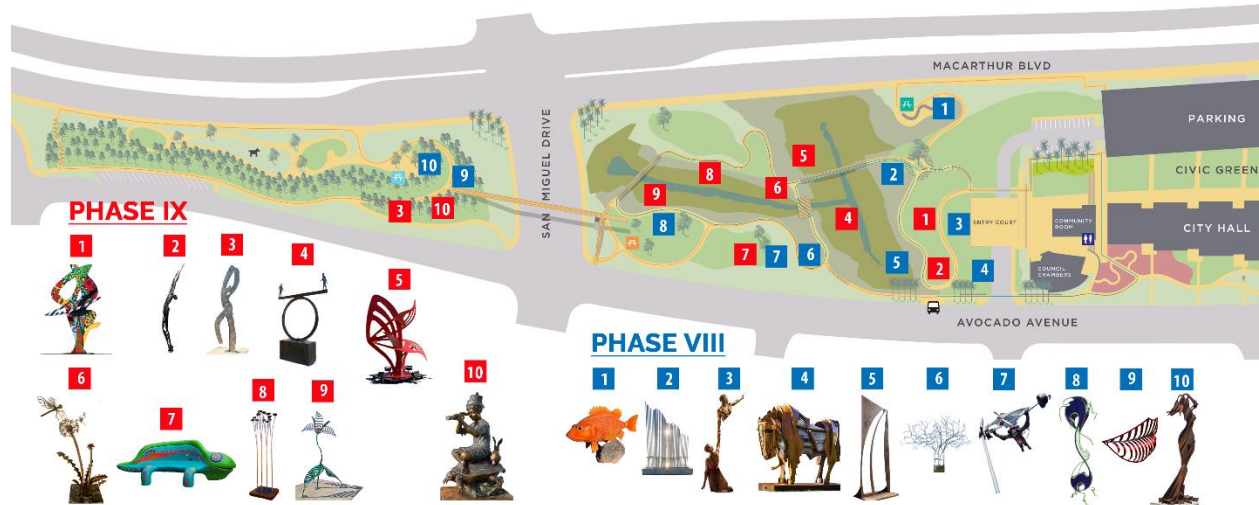

Finalists and alternates will be notified of their status, but neither are guaranteed selection. Final selections are contingent upon passing a qualification review and final approval by the Newport Beach City Council.

HONORARIUM:

Selected artists will receive an honorarium of \$7,500 in exchange for a three-year loan of their artwork. **No other fees or expense reimbursements are offered.** Honorarium shall be used to cover round-trip transportation of the artwork to and from the exhibition site, structural engineering documents (if required,) any insurance needed or desired for artwork transport and display, and for the cost of on-site availability during installation and removal. Artists

will receive half of the honorarium upon delivery of the artwork to the site for installation, inspection and acceptance by the City; and the second half of the payment after de-installation at the conclusion of the three-year exhibition period.

ABOUT THE EXHIBITION:

The exhibition will locate up to ten (10) sculptures throughout the 14-acre Civic Center Park. Selected artworks will remain on display for approximately two years with installation planned in June 2026 and de-installation scheduled for June 2029, sharing the Park with the 10 Phase IX sculptures until those are uninstalled in June 2026.

Artworks may be available for purchase during the exhibition period. **Artists who wish to make their artwork available for sale agree that their piece shall not be de-installed until the conclusion of the exhibition period.** The City of Newport Beach will not request a commission from the sale of artwork, nor will it act as an agent for artist sales.

The Newport Beach Arts Commission will host an opening reception luncheon for the exhibition to take place at a date to be determined. Participating artists are encouraged, though not required, to attend. Exhibited artists will also be invited to talk about their work with visitors during the opening event

if they are in attendance. The City plans to distribute information about the exhibition to the news media, to conduct tours, and to create a self-guided smartphone audio tour. Participating artists may, for promotional usage, submit brief explanatory statements about their artwork, in writing, and participate in audio recording sessions for self-guided tours and educational activities, as possible.

Please Note: To preserve the validity and integrity of the selection process, no applicant may contact any member of the selection committee, City Arts Commission, or the City Council until the entire process is complete, and the City Council has rendered its decision. All decisions are final.
